

TOP TIPS FOR PETS DURING FIREWORK SEASON

BRING INDOORS

Move small pets such as rabbits and guinea pigs indoors. Perhaps lock the cat flap during the evening.

CREATE A SAFE HAVEN

Make sure your dog or cat has a comfortable place to go. Let them go and hide if they want to.

BLOCK IT OUT

Shut curtains and have some background noise – music or TV at normal volume is fine.

KEEP CALM

Even if your pet is distressed, keep calm yourself. Your pet will sense if you are worried.

TALK TO AN EXPERT

Your vet or pet care adviser can help you with products to help your pet cope with stress and anxiety.
